

April 2024

CONSTRUCTION NOTICE

Please be advised that contractors working for the Village of Greendale will be performing underground utility work and street rehabilitation work in the following areas of the Village in summer 2024:

<u>Work Area</u>	<u>Approximate Work Period</u>
• Eastway (SW quadrant)	May & June
• Euston Street	May, June & July
• Sterling Court	May, June & July
• Foxley Court	May, June & July
• Forest Court	May, June & July
• Greenmeadow Lane	July & August

A map of the proposed work areas is located on the back side of this notice.

Access to properties along these routes will be maintained with some temporary delays and disruptions that are typical during Public Works construction projects. Garbage and Recycling pick up days will remain as is. Private Irrigation or Lawn Sprinkling Systems near the roadway work zones must be clearly marked by each property owner to avoid damage to these systems.

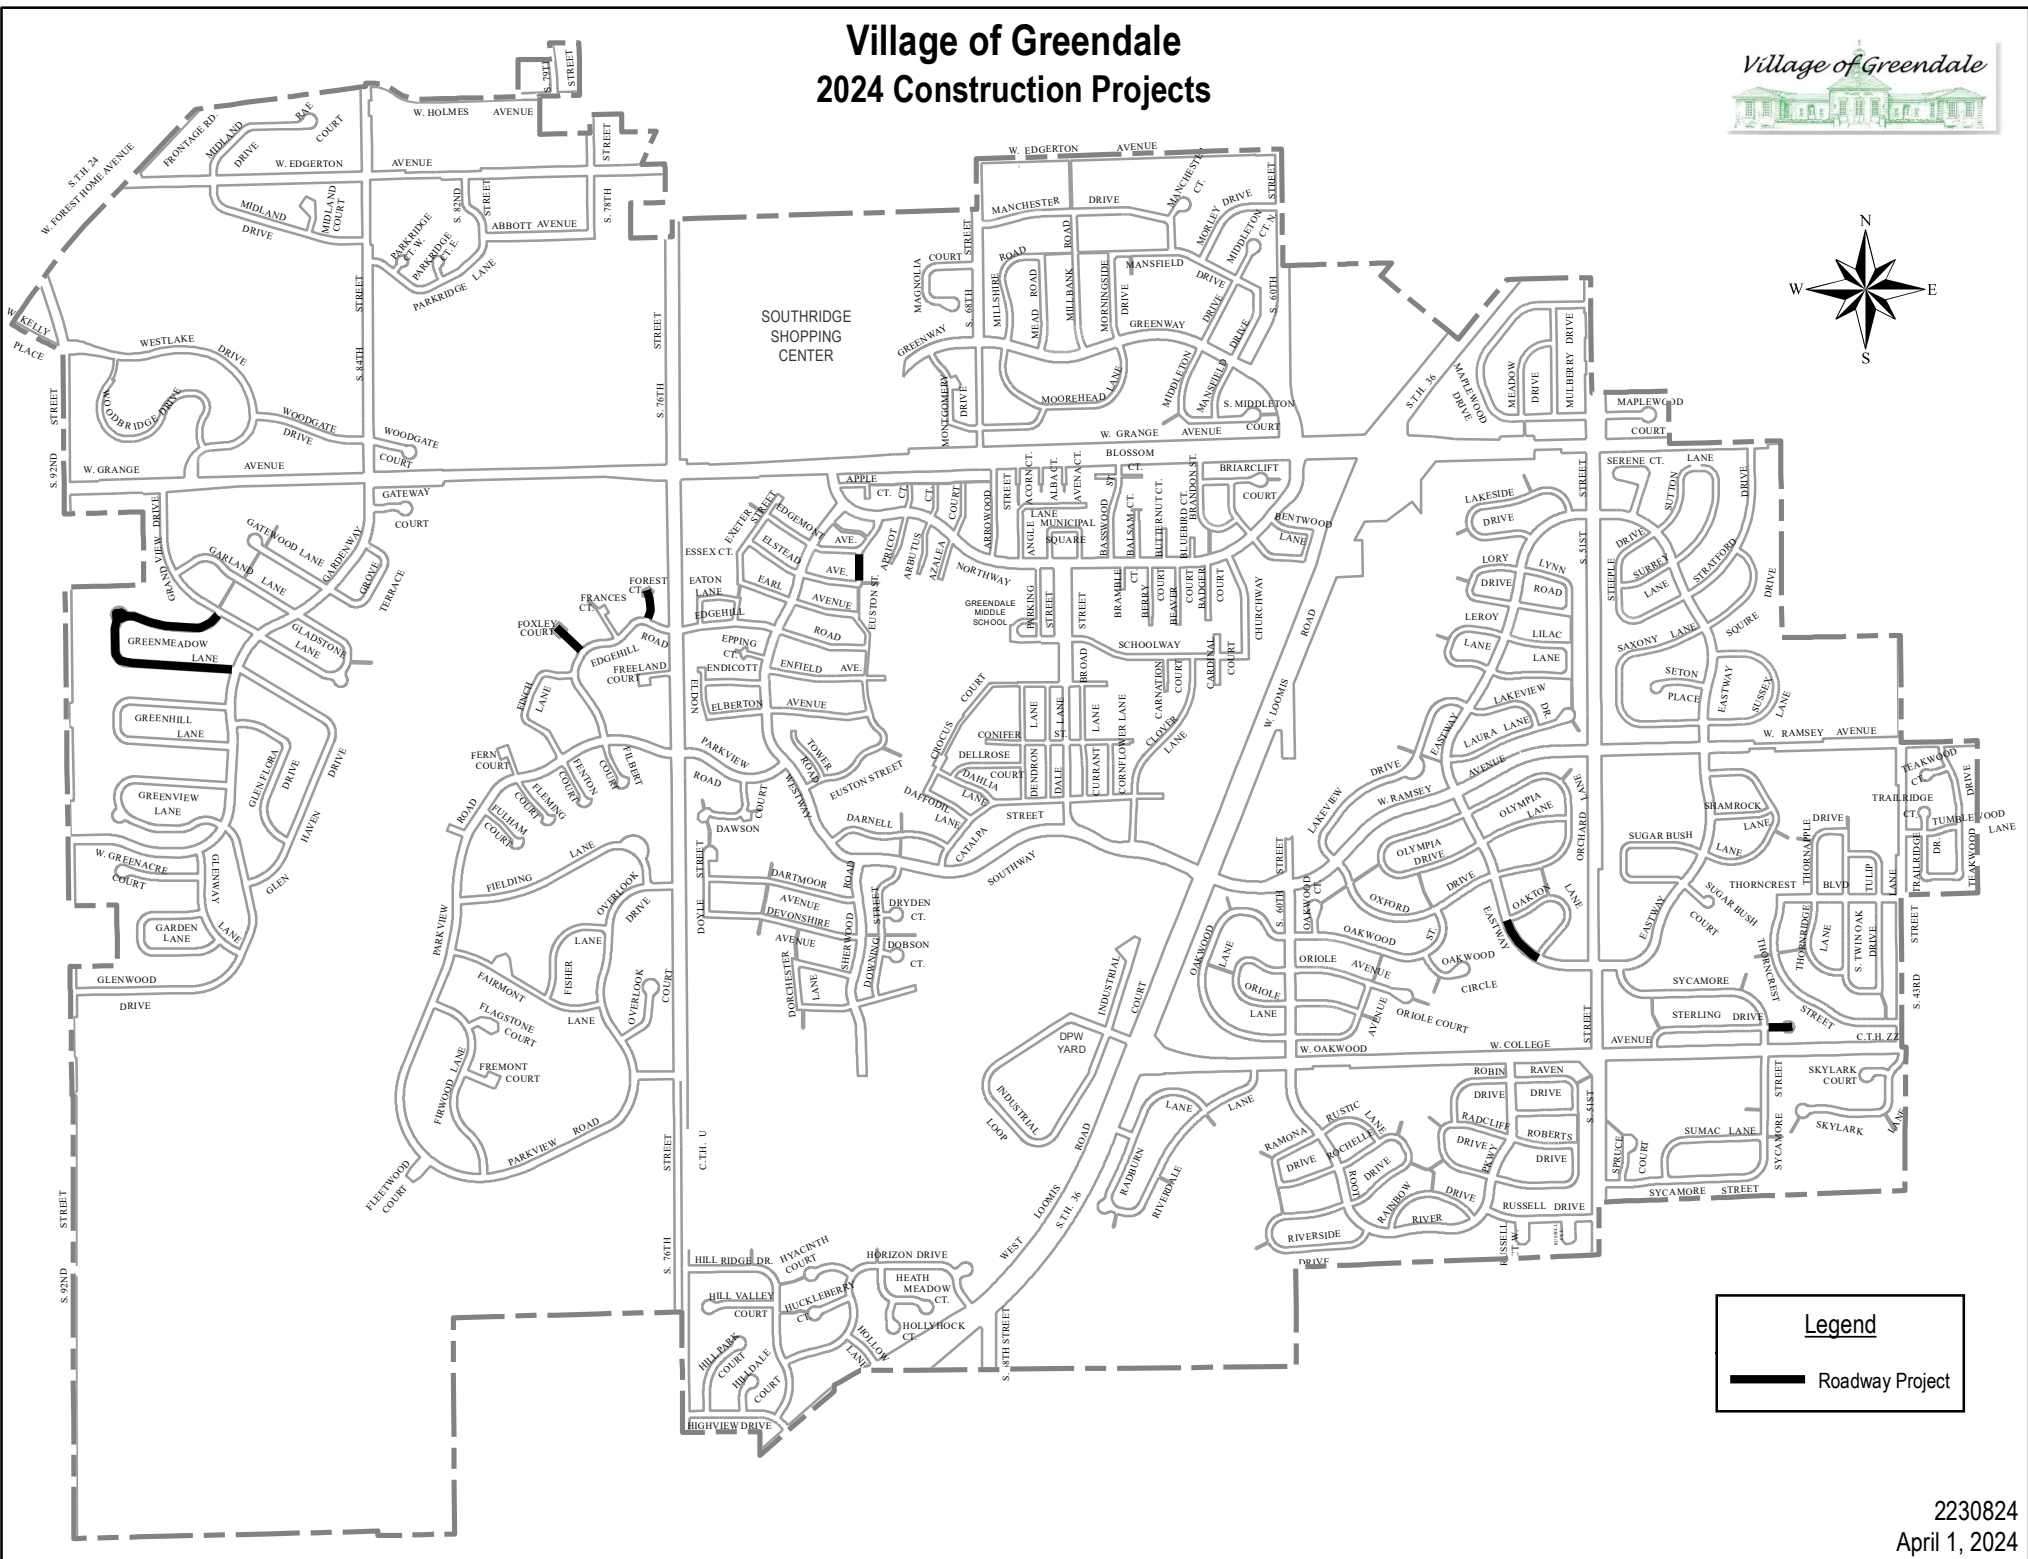

Residents are encouraged to use caution in construction zones and we ask for your cooperation and patience during these Village public works projects.

On-street parking and access to driveways will be limited at times to facilitate the project work. Project field representatives will be available daily during the project work to answer questions and coordinate work zone restrictions.

Underground utility work will be completed and then the roadways will be rehabilitated. The above noted Construction work schedules are often impacted by weather conditions and are subject to change.

If you have any questions, please feel free to contact the Village DPW office at (414) 423-2133.
