CONSTRUCTION NOTICE

Please be advised that contractors working for the Village of Greendale will be performing underground utility work (new water mains) and street rehabilitation work in the following areas of the Village beginning in May 2018:

- In Crocus Ct. (east to west limits)
- In Conifer Ln. (east to west limits)
- In Dale Ln. (Catalpa Ln. to Crocus Ct.)
- In Dendron Ln. (Catalpa to north limits)
- In Badger Ct. (Northway to south limits)
- In Cardinal Ct. (Schoolway to north limits)
- In Easement areas south of Badger Ct., Beaver Ct. and Berry Ct.

A map of the proposed work areas is located on the back side of this notice.

Access to properties along these routes will be maintained with some temporary delays and disruptions that are typical during Public Works construction projects. There will be water service outages for brief periods of time during the project work. Notification of water service disruptions will be provided in advance of the water service outages.

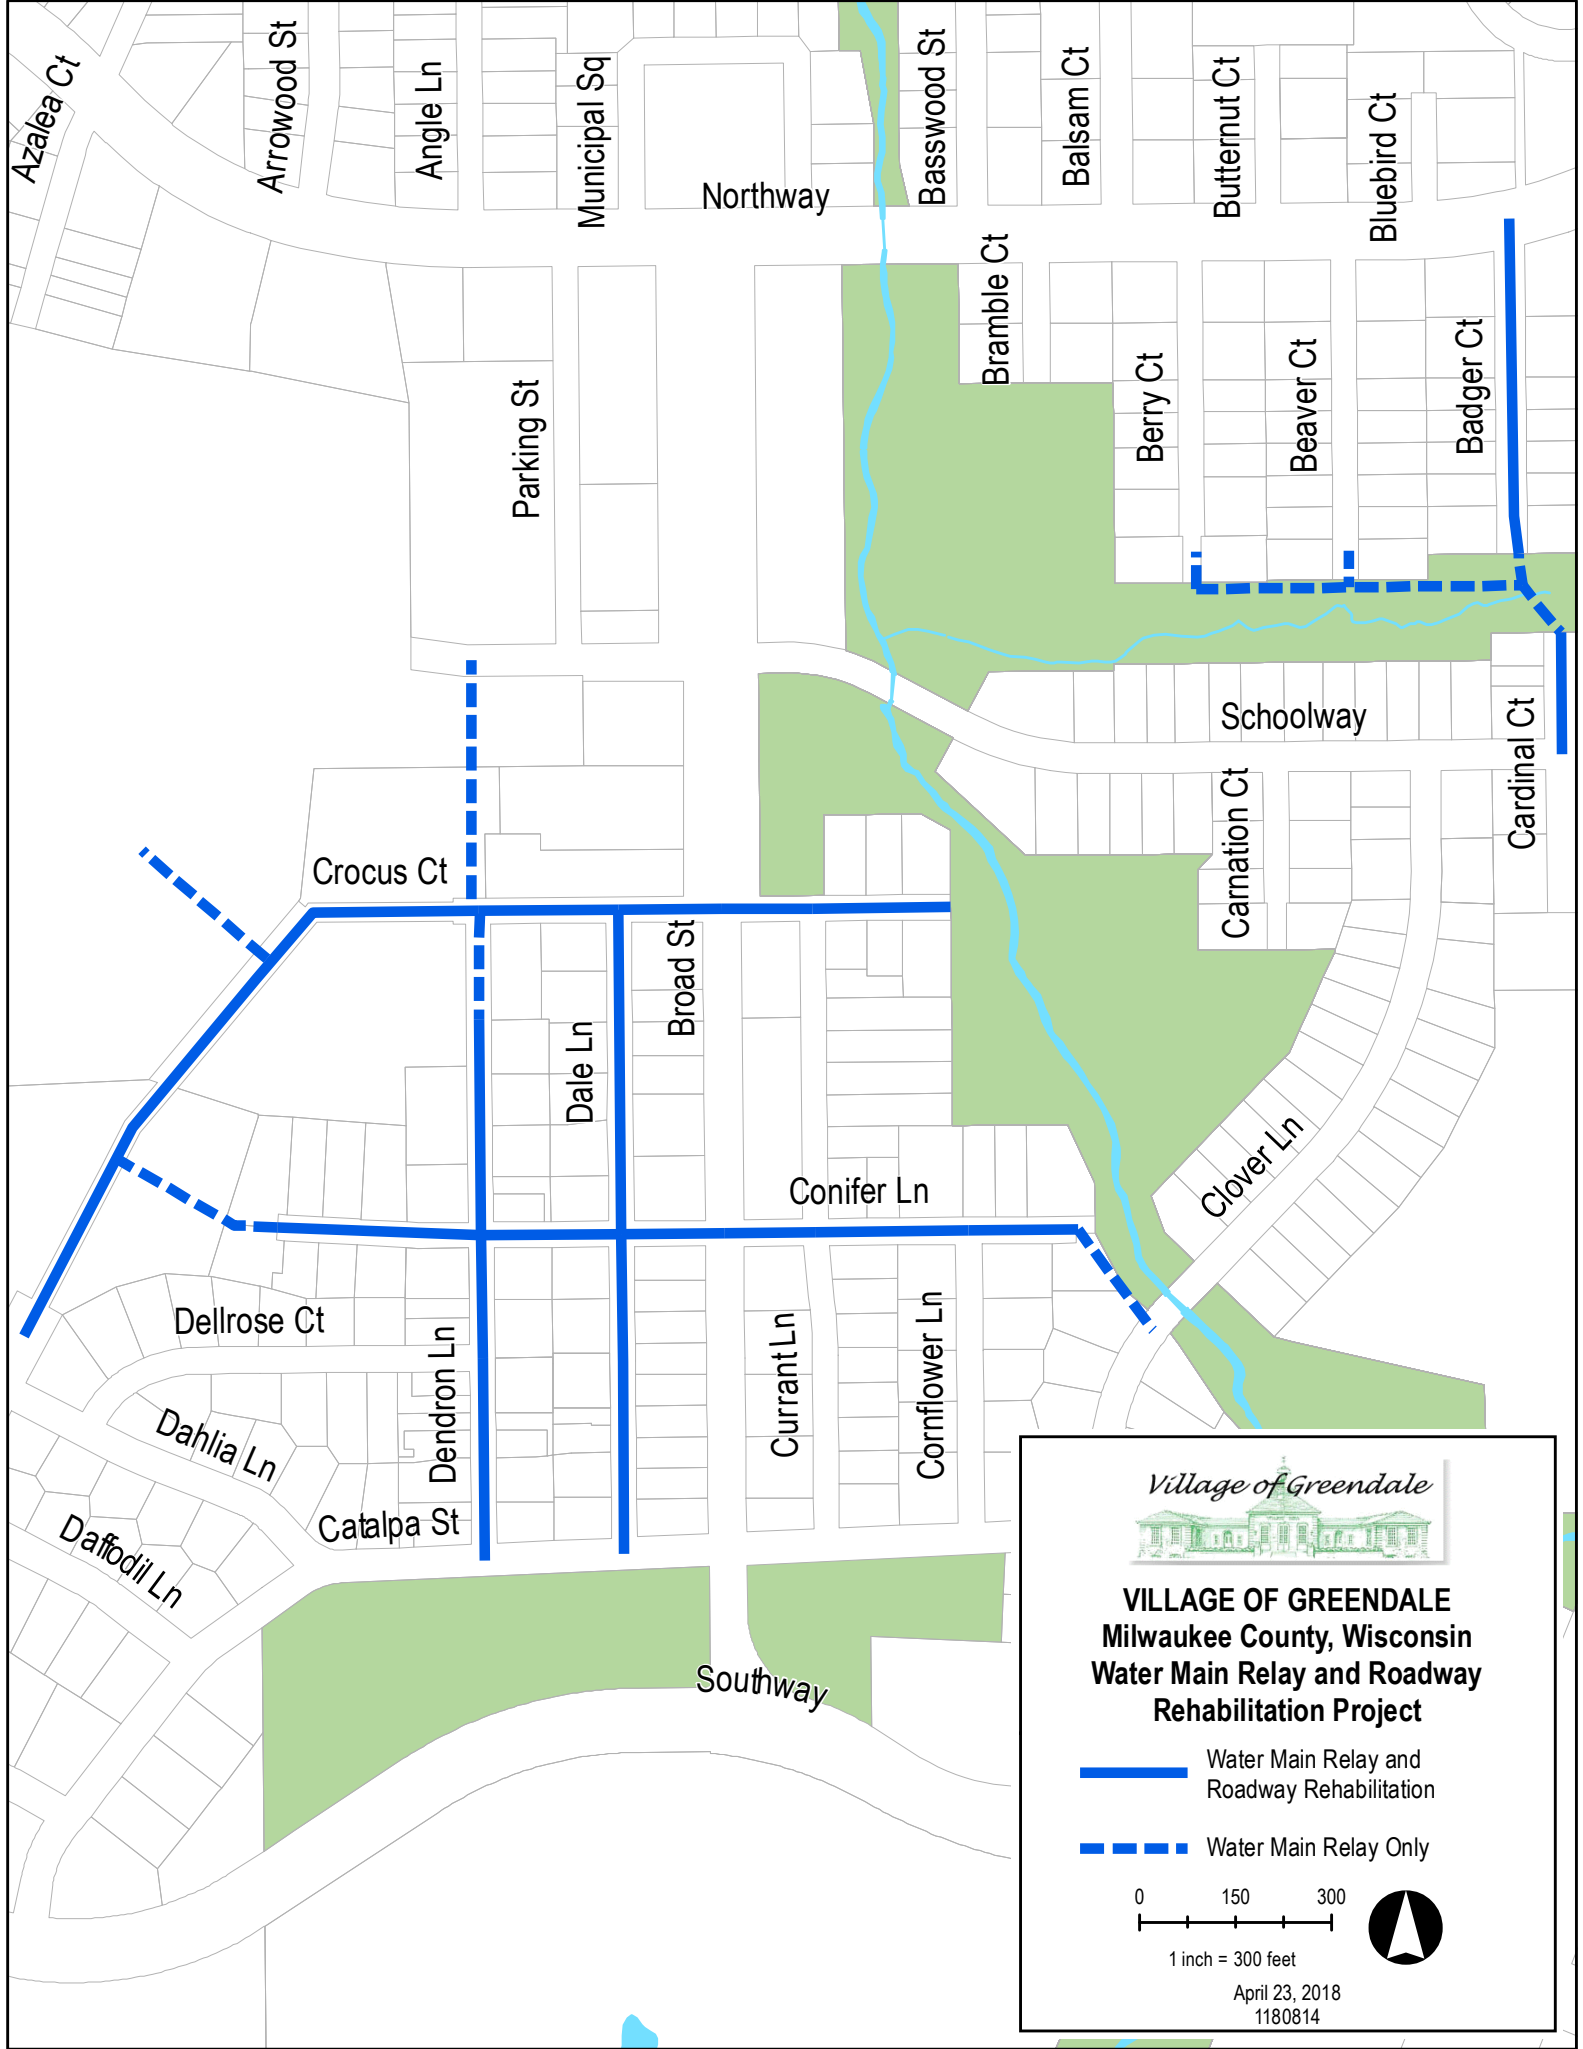

Residents are encouraged to use caution in construction zones and we ask for your cooperation and patience during these Village public works projects.

On-street parking and access to driveways will be limited at times to facilitate the project work. Project field representatives will be available daily during the project work to answer questions and coordinate work zone restrictions.

The water main work is anticipated to occur in May, June and July 2018.

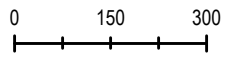

Upon completion of the underground utility work, the roadways will be improved with curb and gutter repairs, sidewalk repairs and new asphalt pavement in the months of July, August and September 2018.

If you have any questions, please feel free to contact the Village DPW office at (414) 423-2133.
